DISCUSSION/RATIONALE:

Linfield Industrial Park's status / qualifier should be
superseded by the Other Cleanup Activity - State oversight event in CERCLIS.
The State's current involvement should be reflected in the Pennsylvania's Land Recycling Brochure.

This 2002 file review/ decision includes the following points:

the 1999 NPL-Caliber Federal / State oversight report
the State's current / project involvement
the State's proposed documenting in the Pennsylvania's Land Recycling Brochure.

Because of the State's current involvement,
Superfund recognizes the State as the primary regulatory oversight.
for future status, call the State's district office.
